Mr D Richards

BY EMAIL ONLY TO dai@rugbyrelics.com

Dear Mr Richards,

Re: NPTC Planning Department have contravened the Environmental Protection Act 1990

I write further to your email dated 8th September, directed to the Chair and Vice Chair of Planning Committee respectively, to which I have now been copied in.

On 8th September the Planning Committee considered a very detailed officer's report concerning the development at Heol Y Glyn and as part of proceedings you exercised your right to address Members of the Planning Committee.

The debate that was held was both extensive and comprehensive and covered all the issues raised by those who had submitted representations to the planning application – this of course included all of the issues raised by yourself notably in respect of issues around land contamination.

The Council is wholly satisfied that the decision on the application has been made in an open and transparent manner and that all matters raised have been appropriately considered through the determination process.

In the event of you being dissatisfied, you are able to make a referral to the Public Service Ombudsman for Wales via their website (www.ombudsman.wales).

Yours sincerely,

Mr Ceri Morris
Head of Planning and Public Protection
