Subject: Fw: Mr Ian Rhys Williams (correspondence ref. P955069)

Hi Dave,

Please find email from N P T, planning and my response.

As you can see, there's no mention of protecting wildlife.

I have requested a response.

There's a link for appeals given by Rachel.

Best regards,

Ian Rhys Williams.

Hi Rachel,

Thanks for copying me in regarding my concerns and the response from N P T, planning.

The response addresses the contamination issues and I understand that provision to complete further investigative work on potential contamination has been stipulated, before Enzo Housing continues building.

In the latest response, no mention has been made regarding the piping of the wetland, thus draining and destroying the environment habitat, for the Newts, Leeches and Water Voles and other wildlife that inhabit this area. These are protected.

Are N P T, dismissing Senedd directives, that wildlife areas are to be protected?

If this area, is drained, we will lose these creatures and such actions, will result in the extinction of these rare wildlife species from the said area.

Rachel, can you please remind N P T, planning of their responsibilities according to Senedd directives, that wildlife has to be protected.

Best regards, many thanks,

Ian Rhys Williams.

Dear Ian

Following representations made to Neath Port Talbot Council regarding the email you sent through to Jeremy Miles MS on Monday 21st September, please find attached a copy of the response received. With regards to appealing the planning process I have attached the link from the Welsh Governments website for information on appealing planning decisions and guidance.

<https://gov.wales/appeal-planning-decision>

<https://gov.wales/planning-appeals-guidance-planning-listed-building-and-conservation-area-appeals>

I hope this will be of some assistance to you.

Many thanks

Rachel
