**Subject:** Copy of email sent to Clls Simon Knoyle and Del Morgan.

Hi Dave,

Further to my Facebook comments, regarding notifying Councillors', regarding soil removal by Enzo, as requested here are the emails sent to both.

Best regards,  
Ian Rhys Williams.

**Subject:** Enzo site

Sut mae,

There's been lots of earth removed from the site and taken by lorries towards the Banwen. I know too, that concrete lorries for the footings are going in.

I wrote to G T C, requesting that the soil be tested in stages, during soil removal from the site and routinely, during the phased development of the site.

C T C, Councillors' supported my request.

My letter too, was sent to NPT, Planning.

Have you received any feedback please regarding the testing of soil?

Are N P T, monitoring, the testing and the implementation of soil removal to the agreed levels, as to date, from my home, the height of soil hasn't been reduced, adjacent to the Cul- De - Sac.

Hope you can help?

Pob hwyl,

Best regards,  
Ian Rhys Williams
