GTC 11-08-2022 D Richards SAR.pdf

Dear Mr Richards,

I have attached the response to your SAR that I received via email.

I appreciate that this is unfortunately a very short response, but I have searched through all of my same of Members who would have been part of that chain. I can only respond with the information I have. However, I note that there are some email addresses in this chain that may not be accessible any longer as they are no longer part of NPTCBC - this may mean that NPTCBC as the holder of those accounts may have deleted the data, this may be stored by other parties in this instance. I'm afraid I do not know the whereabouts of their emails and older Members, but this would be the first avenue that I would suggest in the future.

Thank you for your patience with this item. I hope that you are keeping well in this warm weather and I will look into an issue with the file attached.

All the best

Ceri
